# Trash Turmoil

## BATTLING GARBAGE ON STREETS

Join SnapTrash in the fight against street clutter. Our app is a beacon of change, providing a seamless solution to report and resolve urban garbage woes. Together, let's pave the way for cleaner, healthier communities

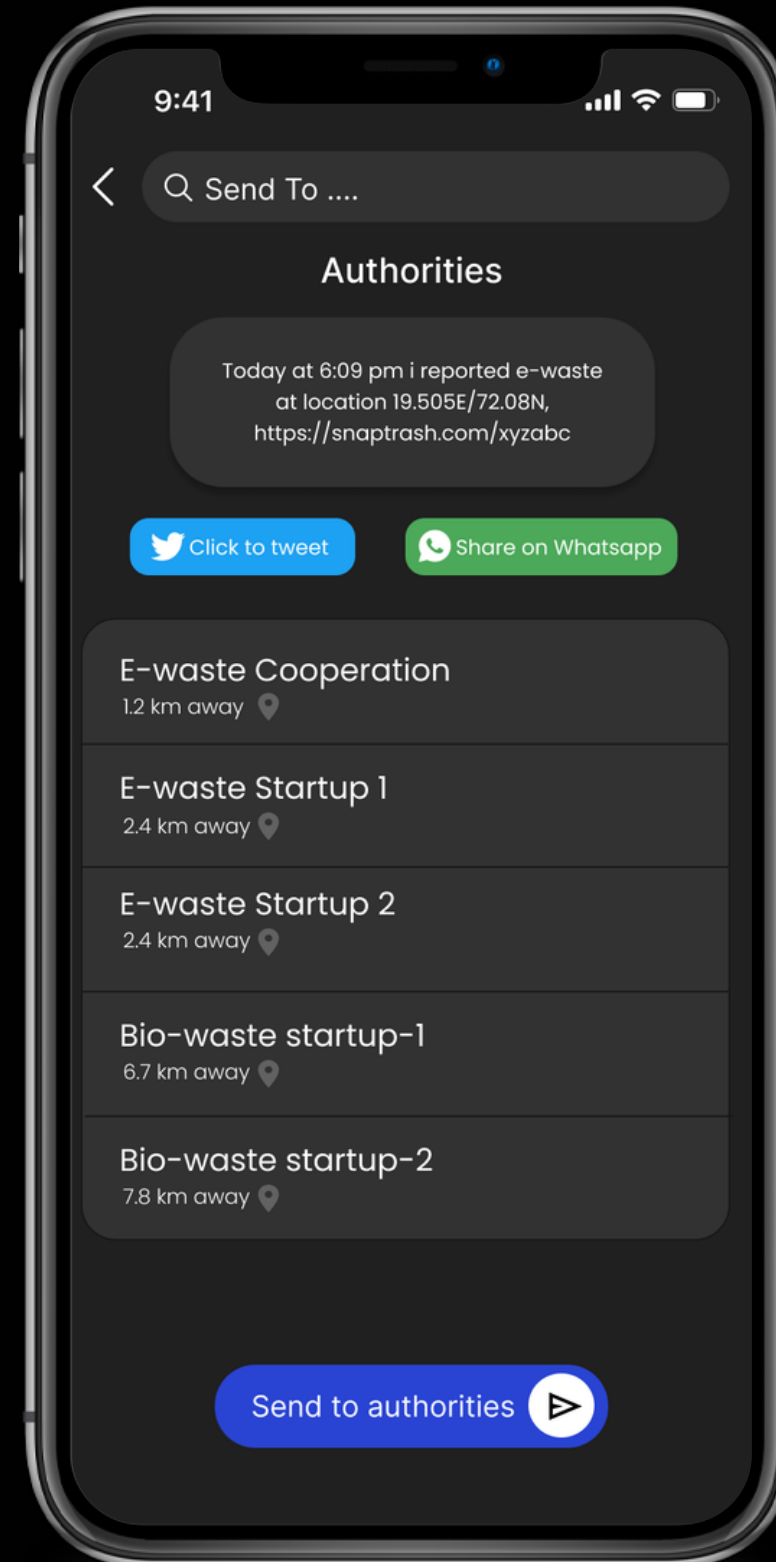

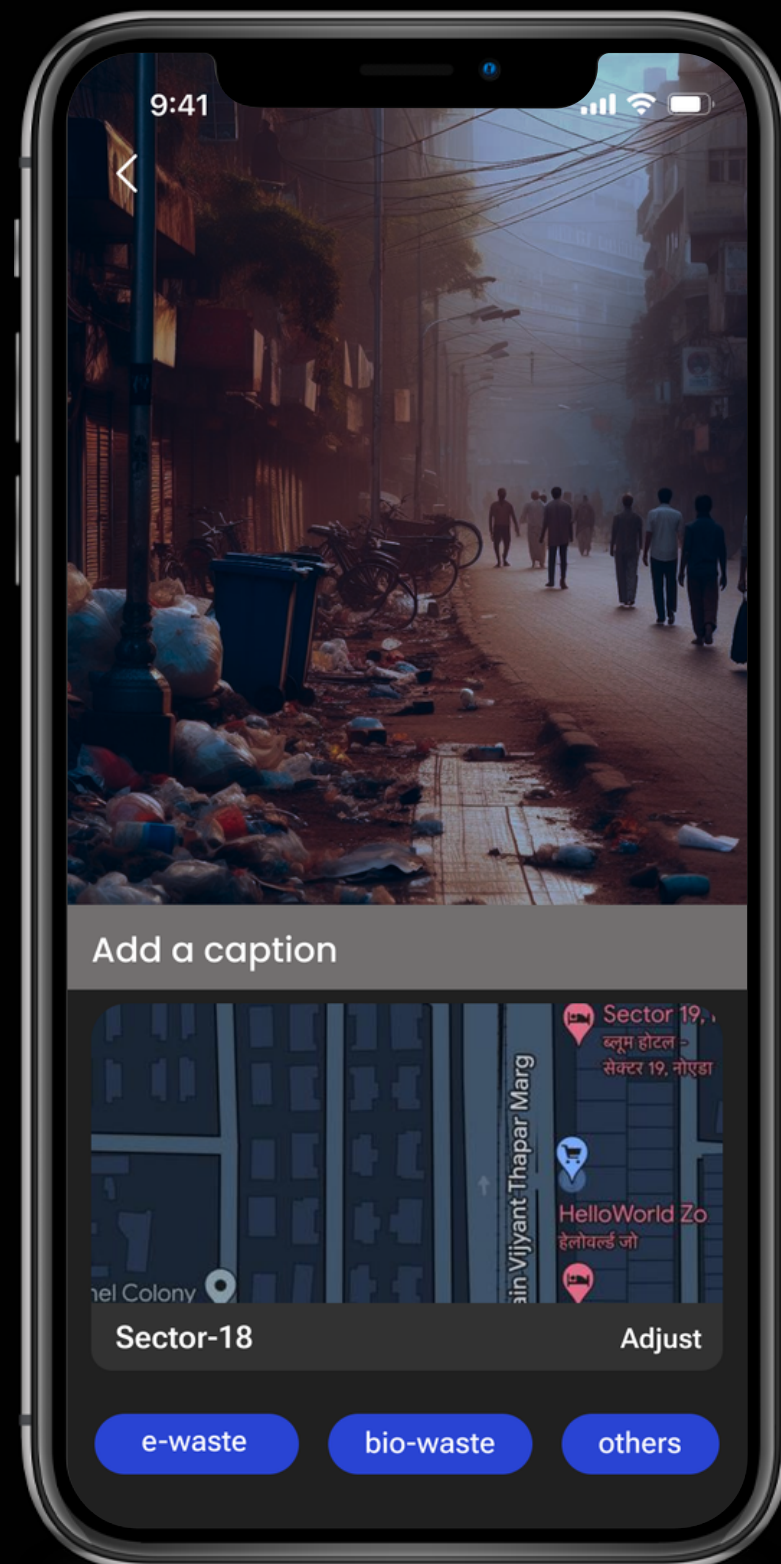

# SnapTrash

A SNAPSHOT OF IMPACT

See the transformation unfold. SnapTrash empowers users to capture, report, and monitor garbage spots in real-time. Witness the positive change as cities become cleaner, one reported issue at a time.

# Effortless Reporting

## LEVERAGING GOOGLE MAPS API

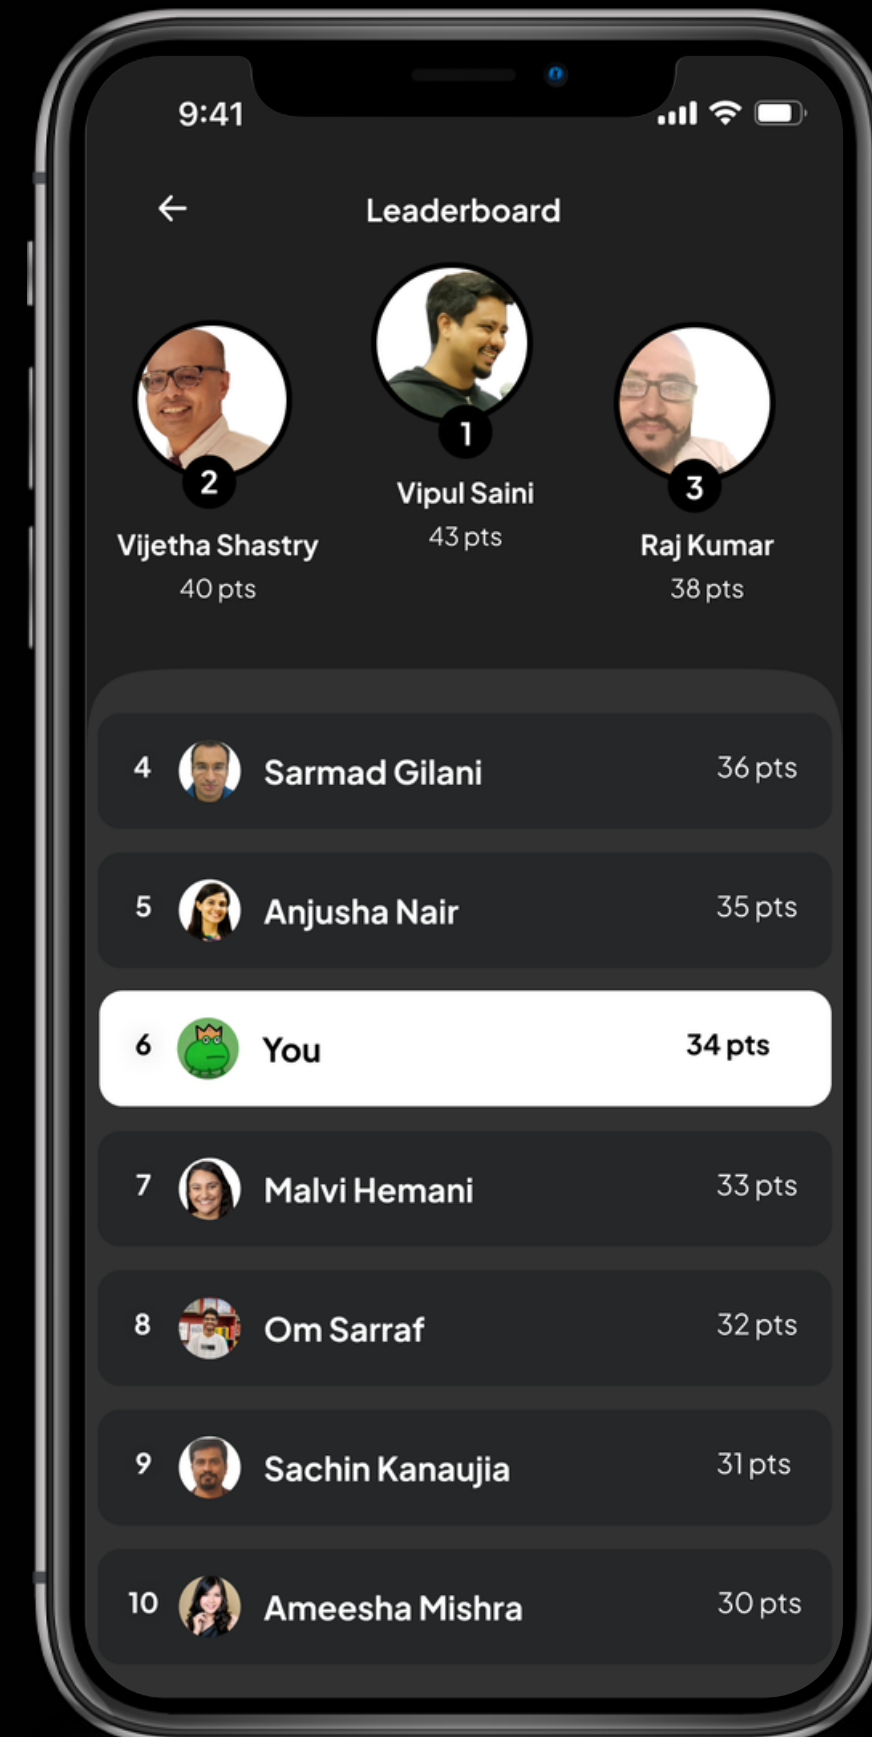

Enjoy auto-location overlays on images for precise submissions

## FIND NEARBY AUTHORITIES EASILY

Easily discover nearby authorities using Google Maps API, transforming civic responsibility into a seamless and engaging experience.

## PUBLIC LEADERBOARD

SnapTrash enhances user engagement with a dynamic leaderboard, recognizing and rewarding contributors who actively address street garbage issues. Top performers on the leaderboard receive exclusive Community Vouchers, fostering community-driven participation and making civic responsibility a rewarding experience.

# Upcoming Features

## NOTIFICATION ALERTS AND INTERACTIVE DASHBOARD:

- SnapTrash keeps users informed in real-time with notification alerts when they are near reported trash locations, prompting immediate action.
- The app's interactive dashboard provides a visual journey of impact, featuring before-and-after images of areas reported for trash spills.
- The combination of real-time alerts and a dynamic dashboard creates an immersive experience, empowering users to witness the tangible impact of their contributions to cleaner urban spaces.
